Rich Natural Colour Through Tones

The rich, natural earthy tones of Mother Nature are beautifully captured in this range of colour- through Embossed Shingles from Harmony. Inspired by the deep reds of Australia's deserts, the moss covered rocks of our South West, and the soft greys of the Australian bush, these elegant and subtle colours will compliment any architectural style.

Acorn

A wonderfully soft, nutty oak colour that seems ageless in style and traditional for choice.

Moss

A tranquil colour that surely reflects the cool, leafy gully regions of our great South West.

Wildberry

This exotic colour delivers a vision with just a hint of decadence in its appearance.

Peppercorn

Has the soft grey colour of the Australian bush with an added touch of spice.

Desert Sand

Displays the iconic, earthy colours of our sun-drenched country.

Shale

A classic beauty that seems so timeless in its splendour, performance and style.
